What's Next for the H4C Platform?

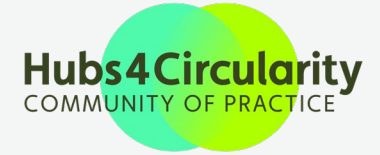

Continued through United Circles

- More Hubs4Circularity
- More tools & knowledge
- More collaboration
- More real industrial applications

United Circles continues building and operationalising the ecosystem.

Long-Term Vision

Instead of:

“another project platform”

The platform becomes:

- a living ecosystem,
- continuously growing through new projects,
- new hubs,
- new industrial use cases,
- and new communities.

The goal is long-term continuity beyond individual projects.
